Transforming Spaces, Elevating Standards

Welcome to KSH INFRA, the forefront of reshaping India's industrial and logistics landscapes. As pioneers in Grade A industrial park developments, we expertly meet the ever-evolving demands of the manufacturing and logistics sectors. Our commitment to sustainability is embedded in every project, utilizing advanced, eco-friendly practices and complying with international green building standards.

At KSH INFRA, we do more than construct facilities—we create ecosystems that nurture growth and innovation while upholding our dedication to environmental stewardship. Embark on a transformative journey with us at the helm of "Inspiring Green Development." Join our mission to develop efficient, superior-quality industrial and logistics parks that benefit not only your business but the planet as well.

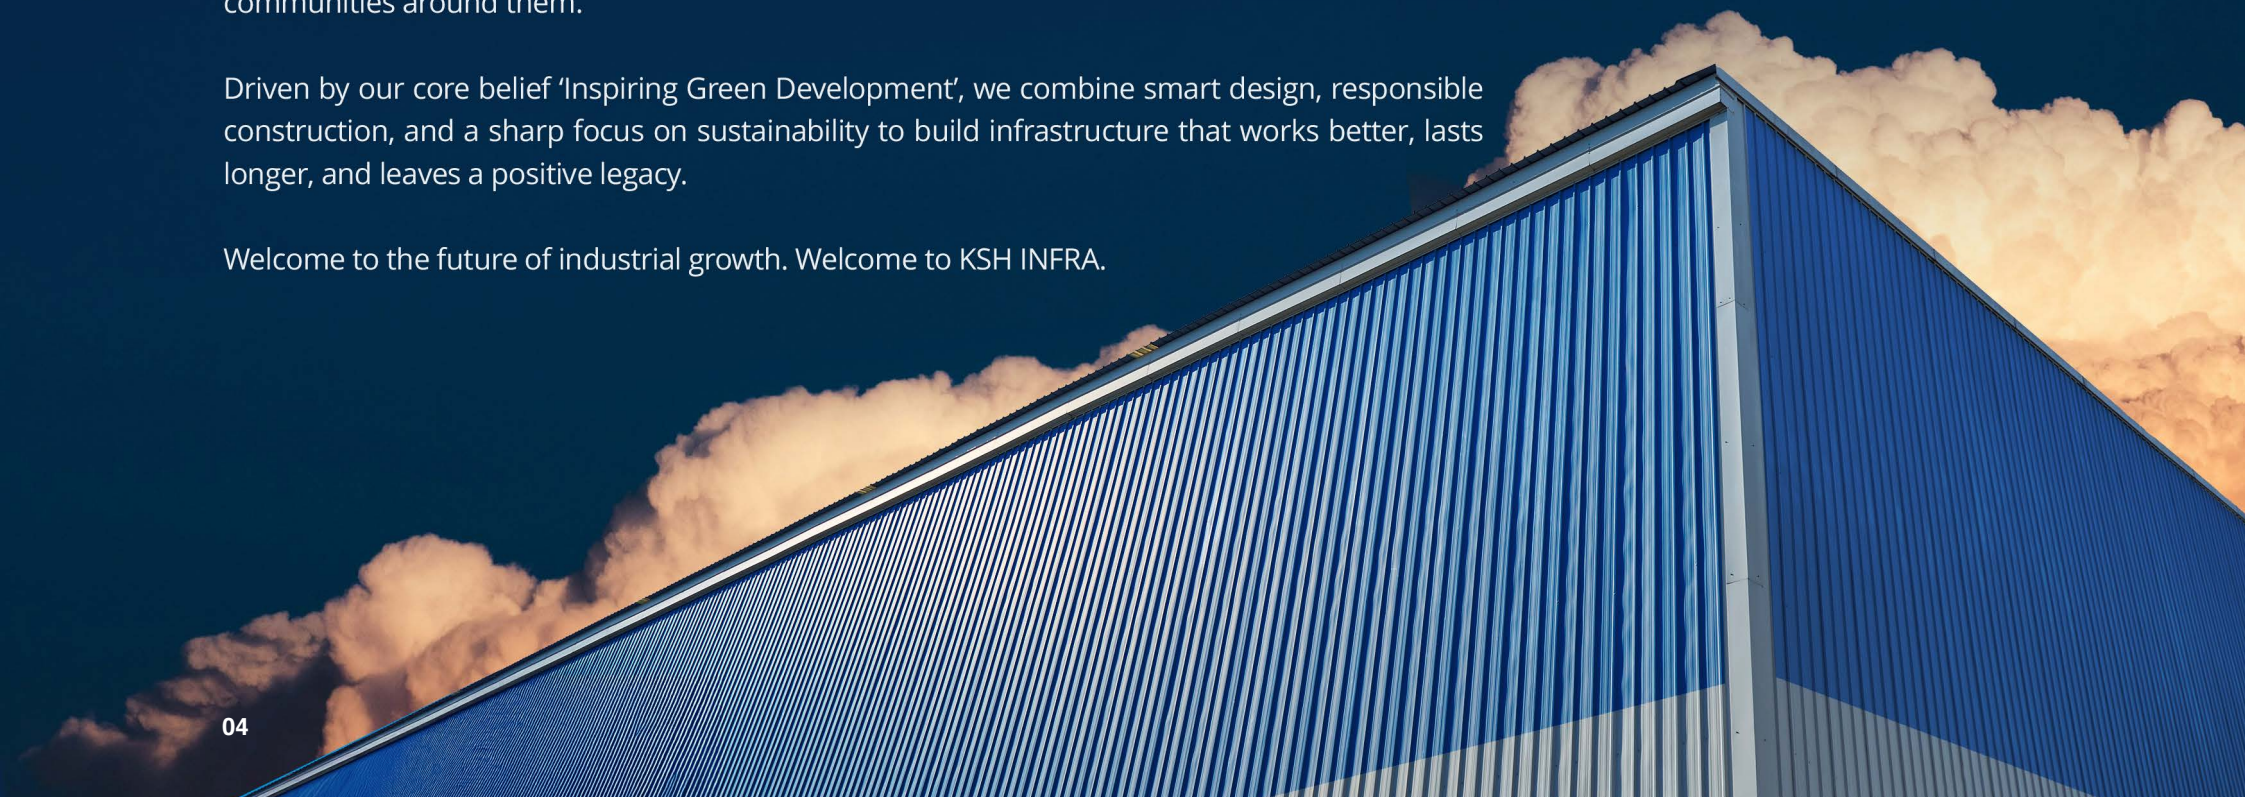
Evolve: Powering a Greener, Smarter Industrial Tomorrow

At KSH INFRA, we're not just developing infrastructure—we're reshaping India's industrial story. With over 4 million sq. ft. of cutting-edge Grade A industrial and logistics parks already delivered, we're setting a bold new pace for progress. And we're only getting started.

Our vision is clear: 10 million sq. ft. of next-generation development across key markets in the next five years. But it's not just about scale—it's about impact. Our parks are designed to be greener, more efficient, and deeply aligned with the needs of the environment and the communities around them.

Driven by our core belief 'Inspiring Green Development', we combine smart design, responsible construction, and a sharp focus on sustainability to build infrastructure that works better, lasts longer, and leaves a positive legacy.

Welcome to the future of industrial growth. Welcome to KSH INFRA.



Vision

Creating highly functional, transformative, carbon-neutral, and sustainable Industrial and Logistics Park solutions across key markets in India.

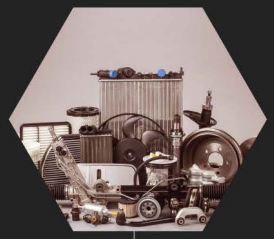
Mission

Becoming the preferred industrial real-estate partner to the logistics, eCommerce, and manufacturing sectors and attracting institutional capital from India and beyond by demonstrating excellence in corporate governance.

10+

Over a decade of experience in developing sustainable, world-class industrial spaces.

A Rich Legacy



1969

Mr. Kushal Subbaya Hegde established his first business 'Kamal Motors', an exclusive Bosch products' distribution business in Ahmednagar District, Maharashtra

1979

Expanded the Bosch products' distribution business into Pune city, Maharashtra by taking over the operations of 'Waterloo Motors'

1981

Founded 'KSH International' - Mumbai plant, with 360 MT annual commercial production of Paper Insulated Copper Conductors (PICC) and forayed into manufacturing

Established 'Kushal Motors' in Pune city, Maharashtra to cater to the original equipment customers of Bosch

1989

1991

Established 'Kushal Electricals' to distribute and service the Electrical Power Tools product line of Bosch

Established 'KSH Logistics' as a Third-party Logistics (3PL) company to service the captive requirements of Bosch in the Western Region of India and forayed into Logistics

1999

2002

Established 'KSH International' – Pune plant with additional annual capacity of 2400 MT and launched a new product line – Enameled Copper Conductors

Established 'KSH Distriparks' with the setting up of an Inland Container Depot in Talegaon, Pune. The Dry Port facility was set up with a capacity of 120,000 TEUs per annum

2008

2012

Investment received from Pacific Century Group of Hong Kong to expand KSH Logistics, KSH Distriparks and set up 'KSH INFRA' to expand into the INFRA space

2016

KSH International became the market leader with annual manufacturing capacity of 20,000 MT of which 12,000 MT comprises of Continuously Transposed Conductors (CTC)

2018

Established two projects under 'KSH INFRA' measuring 1 Million sq. ft., and successfully exited the projects to Morgan Stanley Real Estate Fund, USA

2018

KSH Group celebrated its Golden Jubilee year and expressed their gratitude to Bosch for having played a leading role in its growth story

2019

KSH INFRA successfully built, leased and exited its project admeasuring 1.2 Million sq. ft. to Mapletree Investments, Singapore

2021

KSH INFRA partnered with Indospace Capital to invest INR 1000 crores in a joint venture (JV) and commenced construction on its first project under the JV of 1.5 Million sq. ft. with an aim to develop 10 Million sq. ft. across key markets in India

2023

KSH International surpasses a turnover of 1000 CR taking the KSH Group turnover well above 1500 CR

2024

KSH INFRA progresses in South India with land acquisition and planning for Hosur Park I

2025

Significant expansion with acquisition of 60 acre land in Chennai and construction commencement of Hosur Park I

Our Impact by the Numbers

Expansive Portfolio

Our portfolio comprises seven strategically located industrial parks, reinforcing our position as a significant player in India's industrial infrastructure sector.

Planned Infrastructure Pipeline

Over 10 Mn. Sq. Ft. of industrial development planned across India, strengthening our pan-India presence in our next phase of growth.

Expansive Industrial Footprint

Our completed facilities collectively span over 4 Mn. Sq. Ft., reflecting our strong presence and growing impact within the industrial and logistics real estate sector.

Strong Development Track Record

Over the past few years, we have successfully completed developments worth over ₹2,000 crore across India, affirming our commitment to advancing the country's industrial and logistics infrastructure.

Diverse Clientele

Serving over 25 prestigious clients, our facilities are pivotal in streamlining operations and enhancing efficiency across various sectors.

Marking our strategic entry into

SOUTH INDIA

At KSH INFRA, growth knows no boundaries. As pioneers of world-class industrial and logistics parks, we are proud to announce our strategic entry into South India with our newest development in Hosur, Tamil Nadu.

Strategically positioned Bengaluru and Chennai, this bold move not only expands our footprint but also reaffirms our commitment to empowering India's growth with the development of strategic infrastructure solutions.

Welcome to a new chapter of growth.
Welcome to KSH Hosur Park I.

Strategic Advantage

Hosur Industrial Area, strategically positioned on the Karnataka-Tamil Nadu border, is rapidly emerging as one of South India's foremost industrial hubs. Its proximity to Bengaluru enhances its appeal, offering exceptional connectivity and a robust manufacturing ecosystem. Here are the key advantages:

Prime Accessibility

- Just 40 km from Bengaluru, tapping into a skilled workforce and advanced infrastructure.
- Well-connected by SH-844 and the upcoming NH-844, facilitating efficient goods transportation.
- Close to Bengaluru's Electronic City and Hosur Railway Station, boosting accessibility to major IT and industrial centers and streamlining freight movement.
- Robust connectivity to Kempegowda International Airport in Bengaluru, supporting both domestic and international business operations.

Industrial Leadership

- Hosts leading players in the automobile, electronics, and engineering sectors including TVS Motors, Ashok Leyland, and Tata Electronics.
- Features a dense network of suppliers for major automobile OEMs and a growing electronic manufacturing sector.

Economic Efficiency

- Offers lower operational costs than Bengaluru, enhancing its attractiveness as an industrial locale.
- Benefits from a readily available skilled workforce, supported by local technical institutes and colleges.

Robust Industrial Environment

- Well-developed road infrastructure ideal for large-scale manufacturing and logistics operations.
- Preferred industrial desitination for automotive, manufacturing and EV Sector.

State-of-the-Art Park Infrastructure and Amenities

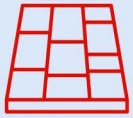
We go beyond conventional infrastructure, offering a well-rounded environment that enhances operational efficiency and provides a comfortable workspace for all stakeholders.

Park Infrastructure	24/7 SECURITY & SURVEILLANCE	EFFICIENT ROAD NETWORK	POWER SUPPLY FROM TANGEDCO	COMPREHENSIVE EXTERNAL LIGHTING	SOLAR OPTIONALITY
Sustainability & Environmental Initiatives	RAINWATER HARVESTING	GREEN BELT LANDSCAPING	SEWAGE TREATMENT PLANT	ORGANIC WASTE CONVERSION	WATER EFFICIENCY SYSTEMS
Support & Safety Facilities	FIRE SAFETY SYSTEMS	FACILITY MANAGEMENT OFFICE	DRIVERS' REST AREA & TOILETS	DG BACKUP FOR COMMON SERVICES	COMMON TRUCK PARKING

Superior Infrastructure at KSH Hosur Park I

We prioritize operational efficiency and safety by integrating cutting-edge structural designs and state-of-the-art facilities. Here's what makes our industrial and logistics spaces exceptional.

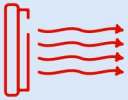
CLEAR HEIGHT (12 M)
Ideal for vertical storage and high-cube racking.



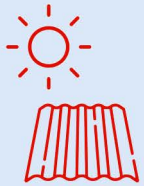
FM2-COMPLIANT FLOORS
For smooth MHE movement and efficient storage.

TRUCK APRON
Spacious loading and unloading area for streamlined operations.

COMPOUND WALL
Ensures safety and controlled access.



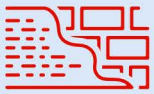
PASSIVE VENTILATION
Air ventilation through louvred panels and ridge monitors.



SKYLIGHT
Allows ample natural daylight into the facility reducing daytime lighting costs.

OFFICE SPACES
Efficient layout for administrative operations.

PARKING FACILITIES
Dedicated spaces for 2 and 4-wheelers.



SUSTAINABLE WALLS
Autoclaved Aerated Concrete (AAC) block walls

Technical Specifications Sheet

PARTICULARS	DETAILS	SPECIFICATIONS
Civil Structure	Foundations	All foundations will be open type with RCC columns up to plinth level
	Super-structure	The super-structure will be designed as a Pre-Engineered Building (PEB)
	Plinth Height	1.2 m from finished road level
	Walls	230mm thick Autoclaved Aerated Concrete (AAC) block wall up to height of 3.5m from FFL, plastered and painted on both sides
	External Plastering & Painting	Sand faced plaster with apex or equivalent paint
	Internal Plastering and Painting	Neeru finish plaster with Synthetic enamel paint
PEB	Frame type	Steel portal
	Eave Height	12m clear above FFL
	Roof slope	1:20
	Bay spacing	8.40 m c/c
	End Frames	2 Nos. Main End Frames
	Roof Sheeting	Standing seam roof with 0.5mm thick GA Bare Galvalume
	Roof Insulation	Roof insulated with 8mm thick Bubble wrap insulation with Aluminum foil coating on both sides
	Side Cladding	GA Galvalume Color Coated
	Downspouts	Galvalume downspouts from eave to canopy gutter
	Steel Lintel Beam	Considered above brick work on entire periphery of the building at 3.50m from FFL
	Canopy	6.0m running canopy along length of docking area
	Cage Ladder	Provided to access roof
	Skylights	5% Polycarbonate sheet for natural lighting

Technical Specifications Sheet

PARTICULARS	DETAILS	SPECIFICATIONS
Doors	Dock Door Type	Motorized rolling shutter of reputed make
	Fire Safety Doors	2-hour fire rated doors with panic bar of reputed make
Windows	Fixed Windows	5mm thick clear float toughened glass
Flooring	Type	FM2 flooring with anti-termite treatment
	Capacity	5 to 6 ton/ Sq. meter
Electricals	Power	Park level substation for common amenities
	Internal Lighting	150 LUX level considered for shop floor
	External Lighting	15 LUX level for considered for exterior dock lighting for truck well apron considered
FHS	Fire exit doors	2 hours fire rated doors of approved make considered
	Fire Protection Systems (Internal)	Sprinkler based system with hose reels and fire extinguishers considered as per NBC standards
	Fire Protection Systems (External)	Fire hydrant systems with hydrant posts and water tank and pump room as per NBC standards
	Fire Alarm Systems	Fire alarm and smoke detection systems as per NBC standards
	Fire Pump Room	Diesel/Electrical engine pumps
Water	Water Supply	Bore wells and water tankers
Road/Yard	Internal Roads	12m and 6m wide bitumen/concrete roads
	Docking Yard	16.5m wide concrete apron

Trusted by Industry Leaders

Proven Partnerships

"TEAM KSH has provided us a world-class facility in Chakan Industrial area for our manufacturing operations. Team KSH was extremely supportive and professional in developing the facility for us. We were able to commence operations within two months from moving-in which was very beneficial for us.

NAOKI MATSUMOTO

Chairman, India

Kawasaki

"KSH has been very instrumental during our facility setup and with their expertise in construction and understanding of our manufacturing needs, their collaborative approach allowed them to capture critical requirements to deliver our factory on time.

TODD RENNER

Global Business Unit Manager

JABIL

"KSH Industrial Park at Chakan is a world class industrial facility. We feel privileged to be established here as ease of doing business, safety and security of the plant & workers, infrastructure and service provided by KSH is unparalleled. Rohit Hegde and his team have provided us tremendous upport in establishing the business.

RAJ GHOGALE
